

Safety Data Sheet

Product name: Intellimix ® Mild Foam Soap
Preparation Date: 18.01.2021
Revision Date: 18.01.2021

Version: 1.0

Replaces Version: -

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name: Intellimix ® Mild Foam Soap

1.2 Relevant identified uses of the substance or mixture and uses advised against

uses: liquid soap

uses advised against: none

More information:

Intellimix ® Mild Foam Soap is a cosmetic product according to EU Cosmetic Regulation (EC) No. 1223/2009.

Cosmetic products are governed throughout the European Union by the requirements of the EC Cosmetic Products Regulation [Regulation (EC) No. 1223/2009]. The manufacturers of cosmetic products are obliged to place only products on the EU market which are safe for human health (Article 3 CPR). This must be proven individually by a safety assessment and a safety report for every single cosmetic product placed on the market (Article 10 CPR). According to German and European law, cosmetic products are exempted from the obligations of labelling under the chemicals legislation and from the submission of safety data sheets (SDS, MSDS). On the European level – as already in earlier chemicals legislation – cosmetic products are exempted from the provisions of the preparation of safety data sheets in accordance with Article 2.6.b of the REACH Regulation.

1.3 Details of the supplier of the safety data sheet

For EU: ATP Cosmetic GmbH

For UK: Liw Beauty Ltd.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Regulation (EC) No.1272/2008 [CLP]

This mixture is classified as not hazardous according to Regulation (EC) No. 1272/2008.
(See section 1.2)

2.2 Label elements

Safety Data Sheet

Product name: Intellimix ® Mild Foam Soap
Preparation Date: 18.01.2021
Revision Date: 18.01.2021

Version: 1.0

Replaces Version: -

Regulation (EC) No.1272/2008

The product does not require a hazard warning label in accordance with GHS criteria or respective national laws.

2.3 Other hazards

The mixture does not meet the criteria for classification as PBT or vPvB.

The product is safe and well tolerated in accordance with the statutory provisions (Article 2 of the EC Cosmetics Directive) if it is used as intended. The following information applies for unintentional misuse or accidents as well as for commercial use where applicable.

May irritate the eyes if it comes into direct contact. Danger of foam aspiration if swallowed.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

This Product is a liquid mixture. It contains anionic and nonionic surfactants, water, moisturizer, perfume, mild preservatives and other additives.

Hazardous substance:

Substance	CAS	EC	%	Classification
Sodium Laureth Sulfate REACH-Nr.: 01-2117488639-16	68891-38-3 / 68585-34-2	500-234-8	5-<10 %	Skin. Irrit 2 (H315) Eye Dam.1 (H318) Aquatic Chronic 3 (H412) <u>SCL:</u> > 5,0% - < 10,0%: Eye Irrit. 2, H319 >= 10,0%: Eye Dam. 1, H318

(For the wording of the listed risk phrases refer to section 16)

SECTION 4: First aid measures

4.1 Description of first aid measures

Measures in the event of

Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.

Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre always have packaging or label and possibly package insert available.

4.2 Most important symptoms and effects, both acute and delayed

No information available.

4.3 Indication of any immediate medical attention and special treatment needed

symptomatic treatment

SECTION 5: Firefighting measures

All common extinguishing agents are suitable.

Product may be flammable. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

SECTION 6: Accidental release measures

In the event of spillage/leakage: mop up main volume with cloths; when larger amounts are involved, dispose of cloths and mopping up material by controlled disposal – possible risk of fire. Remove rest with plenty of water and common cleaning agent.

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging. Keep container tightly closed. Avoid contact with eyes.

7.2 Conditions for safe storage, including any incompatibilities

Store in a cool and dry place (room temperature). Reseal container after use.
Product may be flammable. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Protect against direct sunlight and frost. Do not store in iron or aluminum containers.

7.3 Specific end use(s)

Liquid soap

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Not applicable.

8.2 Exposure controls

Wash hands thoroughly after use.
For professional use of the product and frequently skin exposure, a use of skin care preparations is recommended.

Safety Data Sheet

Product name: Intellimix ® Mild Foam Soap

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance:

- aggregate state: clear liquid
- color: colourless to slightly yellowish

Scent:

perfume free

pH value:	4,5 – 6,0
relative density	ca. 1 g/mL
water solubility	soluble

SECTION 10: Stability and reactivity

Under normal conditions of storage and use, hazardous reactions will not occur. Frost and temperatures over 30°C may impair the physical stability.
Permanent direct sunlight may result in odour and colour changes.
Do not store in iron or aluminum containers.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

The product and its ingredients are not tested on animals.

Acute toxicity:

The product has not been tested. The statements are derived from the properties of the individual components.
LD50 >> 2000 mg / kg bw (calculation)

Irritation and corrosivity:

May cause temporary redness of the eyes.
Not irritating to the skin.

Sensitizing effects:

Based on available data, the classification criteria are not met.
No sensitizing effect known.

Carcinogenic, mutagenic and toxic for reproduction:

Based on available data, the classification criteria are not met.
There are no CMR substances included.

Specific target organ toxicity - single exposure:

Based on available data, the classification criteria are not met.

Specific target organ toxicity - repeated exposure:

Aspiration:

Based on available data, the classification criteria are not met.

SECTION 12: Ecological information

12.1 Toxicity

No data available.

12.2 Persistence and degradability

The surfactant(s) contained in this preparation complies with the biodegradability criteria as laid down in Regulation (EC) No.648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available.

12.5 Results of PBT and vPvB assessment

No data available.

12.6 Other adverse effects

No information available.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

The local provisions must be followed during disposal. The packaging material can be disposed of with household waste.

SECTION 14: Transport information

The product is not classified in accordance with the applicable EC regulations.

SECTION 15: Regulatory information

Safety Data Sheet

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Germany:

Water hazard class:	WGK 1 (self-assessment according to AwSV)
TA-Luft (Clean Air Guideline):	The ingredients are not subject to the TA-Luft
StörfallIV (Chemical Plant Accident Directive):	Not classified under Annex 1 of the StörfallIV
Lösemittelverordnung (Solvents Regulation):	Not applicable.

Not a hazardous substance pursuant to the applicable EC regulations and not subject to labelling.

The product is a cosmetic product according to REGULATION (EC) No 1223/2009 and complies with legal requirements.

15.2 Chemical safety assessment

Not available.

SECTION 16: Other information

Changes
